EXPLORE NORTHLAND

The subtropical Northland region stretches upwards from Auckland to the very top of New Zealand. Take a journey along the Twin Coast Discovery Highway to the iconic Bay of Islands, as well as the Kauri Coast, the Far North and Whangarei.

PAIHIA

Paihia is an excellent base from which to explore the Bay of Islands. It has an extensive choice of accommodation, delicious dining options and a good-sized town centre. From the wharf you can arrange a trip to the outer islands, hook into a fishing expedition or catch a ferry to Russell. Cruises of all types leave from the wharf daily.

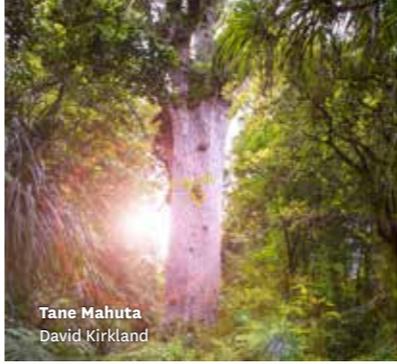

Top local adventures include cruising to the "hole in the rock" at the tip of Cape Brett, finding dolphins (and even swimming with them) and sea kayak tours. Paihia is also just down the road from the historic Treaty House at Waitangi Grounds, which marks the beginning of New Zealand as a nation. Just west of Paihia is Haruru, where you'll find an impressive waterfall and boardwalk.

WEATHER

Long, sunny days tend to linger long into New Zealand's autumn, and with average high temperatures of between 18C and 25C, you'll hardly notice summer has 'officially' ended and nights begin to get chilly.
