## WHAT YOU CAN DO TO SUPPORT WORLD SUICIDE PREVENTION DAY

**WORLD SUICIDE PREVENTION DAY, September 10th**, is an opportunity for all sectors of the community - the public, charitable organizations, communities, researchers, clinicians, practitioners, politicians and policy makers, volunteers, those bereaved by suicide, other interested groups and individuals - to join with the International Association for Suicide Prevention (IASP) and the World Health Organization (WHO) to focus public attention on the unacceptable burden and costs of suicidal behaviours with diverse activities to promote understanding about suicide and highlight effective prevention activities.

Those activities may call attention to the global burden of suicidal behaviour, and discuss local, regional and national strategies for suicide prevention, highlighting cultural initiatives and emphasizing how specific prevention initiatives are shaped to address local cultural conditions.

Initiatives which actively educate and involve people are likely to be most effective in helping people learn new information about suicide and suicide prevention. Examples of activities which can support World Suicide Prevention Day include:
